

ein Familienfotoalbum
Deutsch 1
Projekt

Name _____

Datum _____

Create a photo album of an imaginary family. Use regular printer paper, 3-4 sheets of it, fold it into a booklet, staple the crease into a booklet. Cut 7 pictures of famous people to use as your family members. Each picture of your "family member" must include a short caption describing:

1. The person's name (Use a German name)
2. what relation he/she is to you
3. his/her age
4. some personality characteristics
5. where they're from in Germany (each family member is from a different German state)
6. Where they currently live (assume they live in the same city as you now)

Requirements (with point value):

Colorful title page (5)

7 neatly cut pictures, decoratively adhered to page (7)

Captions neatly typed, decoratively adhered beside picture (7)

Each page colorfully displayed (4)

Each caption grammatically correct (20)

Each caption uses a variety of vocabulary and covers each of the above points (20)

When you type your texts, use a variety of fonts, with font size 14 pt, and also make your captions block size, so they fit nicely on the page. Print two copies, with your name on each; one for cutting/trimming for your booklet and one for me to critique.
