

## Spielstück

Wer ist das? Was hast du in der Tüte?

You're walking along the street and you see your friend. You stop and greet him. He's carrying a bag. You ask him what's in the bag – **Was hast du in der Tüte?** - He tells you he has several different items he's just purchased from a school supply store.

You spot someone you know walking across the street. He's an exchange student from a different country. You greet him from afar and hail him over - **Komm mal her!** - You introduce him to your friend, telling him where he's from. The exchange student asks if he also speaks the language of his country – **Sprichst du auch \_\_\_\_\_?** - **Ich spreche ein bisschen / nicht so gut / kein / \_\_\_\_\_**. Your friend asks the exchange what he likes to do in his free time. You say you have to go - **Ich muss gehen.** - because you have homework. You all bid farewell.

Prepare your skit below. Rehearse. Perform WITHOUT your skit/notes. I'll post the recordings tonight at our website.
