

Deutsch 3 – Projekt
Kapitel 1 – Reise um die Welt!

You have taken an imaginary trip around the world, namely six different major cities, one on each continent. Prepare a posterboard report of your imaginary trip. Include a small world map on the board that highlights your route. Then for each city, briefly describe, *auf deutsch*, what you saw there, what you did, how you liked your visit. Research your cities on the WWW to find pictures and information of major monuments in these six cities. We'll spend time on Friday with vocabulary, writing drafts of our text, organizing our information on the posterboards. Final product to be completed and presented by Tuesday of next week.

- General Requirements:
- Everything must be typed.
- Submit rough drafts to me for critique
- Texts and pictures should be bordered by construction paper for more emphasis.
