Do some research on the internet and discover how Viking men and women dressed. Get a picture of yourself you can spare, and cut off your head and draw an original Viking person using your likeness and your research. Choose a name for your Viking; the lists to the right can provide some ideas. Find German equivalents if you can. Often Medieval people had aliases using an adjective used as a noun, for example, Erik der Gute, Amelia die Mysteriöse. Choose an adjective that might describe your Viking character; there is a link to a massive list of German adjectives, use dict.leo.org and this list to narrow down an adjective.
